EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Timothy Sullivan, Registration No. 47,981 on November 24, 2004.
5. The application has been amended as follows:
Claim 19,
line 5, after "the unload operation;"
in a new line, --detaching an object from the namespace while maintaining the object in a memory location;-- has been entered.

line 6, before "object", "an" has been replaced by --the--

Claim 25,
line 4, after "an unload message," --while maintaining the object in a memory location,--
has been entered.

Art Unit: 2165

3. Applicant's arguments filed on October 06, 2004 have been fully considered and they are deemed to be persuasive.

Allowable Subject Matter

4. Claims 1-31 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest individually or in combination identifying an object being associated with a device within a namespace as being unloaded, detaching the identified object from the namespace in response to the unload message while maintaining the identified object in a memory location as set forth in independent claims 1, 13, 19, 25, 30, and 31.

Dependent claims 2-12, 14-18, 20-24, and 26-29 being further limiting to the independent claims 1, 13, 19, and 25 respectively are also allowed.

The closest prior art, Schelvis US Patent No. 5,241,673 teaches a system for garbage collecting unused memory space represented by digraph by assigning values of node identifiers to selected variables based upon predetermined conditions. The closest prior art fails to anticipate or render Applicant's limitations above obvious.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
